Even though at times we
are not feeling it.

SOMETIMES our Sparks
are DEFENDED

How might you claim
your spark?

IT IS VERY GOOD.

from the inside

THAT

CHANGES THINGS

It seems that the strengthened
spark
acts to
erode the defenses
release the distortions
clarify the bafflement

Sometimes they are
DISTORTED

Sometimes they are BAFFLED

SOMETIMES all THREE

Sometimes so much we're not
aware that we have one.

REGARDLESS

In everyone we meet, in everyone
we think of, there is a spark of
humanity. In us too,
regardless how baffled or distorted or defended.

their spark is strengthened

When you, through your spark, affirm and connect with the spark in another, regardless how defended or distorted or baffled they are,

sparks have a natural affinity for each other

All sparks are made of the Same STUFF
